SENATE.

Washington, Aug. 8.—After some pre-iminary morning business the tariff bill was taken up by the senate, the pending question being on Vance's amendment to reduce the duty on pig iron from 3-10 of a cent per pound to \$5 per ton. The amendment was rejected — yeas, 17; nays, 27; no deviations from a strict par-

ty vote.

The next paragraph, 29, taxes bar iron, from 8-10 of round, flat and square iron from 8-10 of a cent to I cent per pound, according to classification. McPherson stated that a cent to I cent per pound, according to classification. McPherson stated that the average duty in the paragraph was 9-10 of a cent; that the duty on a ton of such iron, in equal quantities, would be \$20.10. The iron referred to was of the lowest quality, not charcoal iron, and the duty proposed was altogether too high. He moved to amend by striking out the rates per pound and inserting a uniform rate of 50 per cent advalorem. He said the duty proposed in the bill was equal to 65 to 80 per cent. to 65 to 80 per cent.

There is Standard Oil money in the purchase, but the advocacy of Standard Oil interests is to be but secondary. Its primary object is to bring about the nomination of Ohio's new senator for the bresidency. This move is certainly in direct conflict with the ambitions of Mr. Cleveland, who is not admired by Mr. Brice. The general policy of the paper is to remain as in the FRUIT GROWERS PARADISE,
